Majid Rigizadeh

Flutter Developer

ABOUT ME

Experienced Flutter developer with 7+ years of expertise, completed 20+ successful projects. Skilled in Android native Java and acquainted with Laravel.

Familiarity with Laravel helps me to a comprehensive understanding of both frontend and backend.

WORK EXPERIENCE

Flutter and Laravel Developer

2019 - Present (4 years)

Ternav Team | ternav.ir

I have collaborated with my colleagues to build a freelance team. Serving as the project manager and main programmer, I have been instrumental in creating the following projects: (Employer feedback on my performance: ponisha.ir/profile/mohammadghp)

MazeVPN: play.google.com/store/apps/details?id=com.maze.app

HookVPN: play.google.com/store/apps/details?id=com.hookvpn.unlimiteproxies

Axkhooneh: axkhooneh.ir - Order photos and frames online
cafebazaar.ir/app/com.axkhoone.app , axkhooneh.ir/webapp

Iranigram: iranigram.com - Purchase Instagram likes, views, and followers.
cafebazaar.ir/app/com.iranigram.app , aparat.com/v/dB6lC

Talki Talk (Canada): play.google.com/store/apps/details?id=ca.vaisioninc.talkitalk ,
apps.apple.com/us/app/talkitalk/id1606624178 , aparat.com/v/pAwcn

Tida Nerkh: cafebazaar.ir/app/ir.tida.technocell.tida , tidanerkh.ir/app

Ax24: ax24.ir - ax24.ir/app.apk , aparat.com/v/X2Urd

Android Developer

2020 - 2021 (1 year)

Farabin Ertebatat Rayan | www.website.ir | Iran, Mashhad

I was the project manager and main programmer in this company.

Project:

Moodet: moodet.ir - cafebazaar.ir/app/ir.farabinerteбатat.moodet ,

myket.ir/app/ir.farabinerteбатat.moodet

Nikbina: nikbina.ir - Watch advertising and earn money

Tower CRM (private): This project encompasses four applications, including a backend and a management panel developed by the executive team. It facilitates internal communication and offers features such as booking tower facilities, registering tickets, communicating with management, and voting.

Android Developer

2017 - 2019 (2 years)

Moj Media | mojmedia.ir | Iran, Tehran

The first company where I started working was through a 6-month internship, and after that, I began working remotely as an Android Java programmer.

Projects:

Navard (unpublished): You can see details of this project in my website or watch the demo video: aparat.com/v/TPULq
